

Huskies ROCK is a school-wide positive behavior program. Hamilton Heights Primary School is moving from a reactive disciplinary system that relies on punishment to a proactive approach that incorporates the principles of Positive Behavior Supports. Huskies ROCK will increase our capacity to reduce school disruptions and increase a positive educational learning environment for all.

Huskies
R-respect
O-organization
C-cooperation

K-kindness

Students have the opportunity to earn tickets from any adult in the building who "catches" them being respectful, organized, cooperative, kind, and making good decisions. **Once they earn tickets they are responsible for keeping track of their tickets and they have opportunities to earn daily rewards in the classroom as well as weekly rewards.**

Please help us encourage positive behavior at school by reinforcing these concepts at home! Together, we can make a difference.
